

Career Opportunities

Manager, Clinical Information Services

PDCI is seeking a clinical writer to lead in the development of the clinical components of pricing / reimbursement assessments and submissions for our clients in the pharmaceutical and life sciences sector.

Role & Qualifications

- 5+ years of proven clinical writing experience (literature review and synthesis) in the public or private sector, plus an advanced degree (MD, PharmD, PhD, or MSc) in a relevant discipline.
- Superior communication skills and a strong ability to learn and convey technical, scientific information is essential for success in this role.
- The ideal candidate will be familiar with the clinical components of the new medicine submission requirements of the Patented Medicine Prices Review Board, the Common Drug Review, pan-Canadian Oncology Drug Review (pCODR) as well as provincial and federal drug benefit programs in Canada.
- This is an Ottawa-based position however PDCI is willing to consider a field-based employee, with occasional travel to Ottawa when necessary.
- Fluency in English is essential for the position with fluency in French an asset, but not essential.

Applying

Interested candidates should submit a detailed resume / curriculum vitae to careers@pdci.ca referencing the job title. **The resume (and/or a cover letter) should clearly indicate how the candidate meets the qualifications outlined above.** We thank all candidates for applying. Only those selected for further consideration will be contacted.
